

PROFILE

My main skill is solving problems.

I'm a Software / Machine Learning Engineer who is always up for a challenge.

I come with over 10 years of professional experience in creating web / mobile applications from scratch and applying artificial intelligence techniques to solve complex problems.

WORK EXPERIENCE

Full Stack Engineer 05/2019 – present
Brainn, Sao Paulo, Brazil

Creating mobile interfaces with Flutter as well as GraphQL APIs with Elixir. I worked on all steps of the software development process.

- Working Remotely
- 5 developers per Squad
- 3 Squads
- 1 App
- Travel app with thousands of daily users
- Data Engineering | Machine Learning
- Elixir | GraphQL | Phoenix | AWS | Dart | Flutter | Kubernetes

Elixir Developer 11/2018 – 03/2019
Foxbox, Chicago, United States

Creating multiple projects and sometimes as Tech Lead helping my team solving multiple issues.

- Working Remotely
- Startup Environment
- 7 Developers
- 2 Apps
- Gyms app with External Apis Integration
- Books app with External Apis Integration
- Elixir | Ecto | Phoenix | AWS | Postgres | Kubernetes

Elixir Developer 05/2018 – 08/2018
Niq, Rio de Janeiro, Brazil

Creating financial projects such as "Bank as service", "Fraud Prevention" and "Digital Wallets".

- Working Remotely
- Startup Environment
- 3 Developers
- 3 Apps
- Financial app with External Apis Integration
- Image recognition app
- Fraud prevention app
- Data Engineering | Machine Learning | Deep Learning
- Elixir | Python | Ecto | Phoenix | AWS | Postgres

WORK EXPERIENCE

Lead Developer 07/2016 – 03/2018
Techifide, London, United Kingdom

Working collaboratively with the team to build multiple products.

- Working Remotely
- Startup Environment
- 5 Developers
- 2 Apps
- Civil Engineering app (Awarded)
- Interface test app
- NodeJS | OrientDB | Angular | RxJS

Full Stack Developer 06/2014 – 07/2016
Nuvem, Niteroi, Brazil

Creating multiple RESTful APIs and Microservice architectures.

- Working On-Site
- Startup Environment
- Recommender Systems
- E-commerces
- Multiple apps with External Apis Integration
- Data Engineering | Machine Learning
- Ruby On Rails | Python | MySQL | JavaScript

Full Stack Developer 07/2012 – 07/2014
Beware Consultoria, Niteroi, Brazil

Working collaboratively with experts in projects management.

- Working On-Site
- App to manage projects with External Apis Integration
- PHP | FuelPHP | MySQL | JavaScript

Full Stack Developer 07/2009 – 07/2012
Profile Design, Rio de Janeiro, Brazil

Creating several projects from trivial to complex ones.

- Working On-Site
- Over 40 apps and websites
- Multiple apps with External Apis Integration
- App for the government
- PHP | Ruby On Rails | Python | MySQL | JavaScript

Back-end Developer 05/2008 – 07/2009
Lv Design, Rio de Janeiro, Brazil

Working collaboratively with the team to build one of the most important projects to manage music in Brazil.

- Working On-Site
- App to manage artists and musics with thousands of users
- Ruby On Rails | PHP | MySQL | JavaScript

WORK EXPERIENCE

Backend Developer 08/2007 – 05/2008

ClickSoft, Rio de Janeiro, Brazil

Creating different projects using a different range of technologies such as PHP and Ruby.

- Working On-Site
- Multiple E-commerces with External Apis Integration
- Ruby On Rails | PHP | MySQL | JavaScript

Frontend Developer 06/2004 – 05/2007

T Design, Rio de Janeiro, Brazil

Helping build websites using classic technologies such as ASP/PHP, HTML, CSS.

- Working On-Site
- Startup Environment
- Multiple websites
- ASP | PHP | MySQL | JavaScript

EDUCATION

Artificial Intelligence 07/2018 – present

Data Science Academy, Rio de Janeiro, Brazil

- Machine Learning
- Artificial Intelligence
- Robotics

Information Technology Management 01/2010 – 06/2012

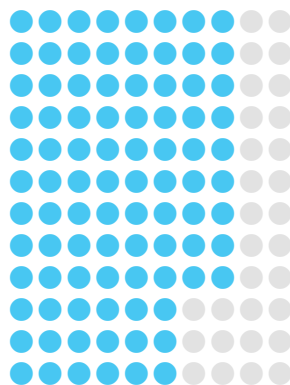

UNESA, Rio de Janeiro, Brazil

- Associate's degree
- Software Development
- Project Management

SKILLS

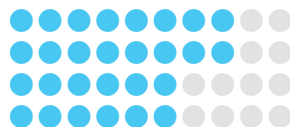

Technology

Elixir
Python
Dart | Flutter
Postgres | MySQL | SQL
GraphQL
GIT
Linux
Cloud - AWS | Kubernetes
JavaScript (NodeJS)
Machine Learning
Deep Learning
Data Science Stack

Project Management

Jira
GitLab
Scrum
Kanban
