Knowledge Seeker

Summary

Well, I am Muntakimur Rahaman, currently doing a Bachelor of Science in Computer Science and Engineering, I love technology and always keen to know about the advancements.

Educational Achievements:

My Current CGPA 3.69 out of 4
and also awarded to be in the top 5.

I passed the Higher Secondary School Certificate Examination with grade 4.50 out of 5.

I passed the Secondary School Certificate Examination with grade 5 out of 5.

Technical Experiences and Achievements:

I was a contest programmer and solved 300 problems in UVA and also solved 500+ problems on Hackerrank.

I was a problem setter of intra-university programming contests hosted by my university club.

Languages I know:

1) Python Programming language (Numpy, Matplotlib, Pandas, Numba, Scikit learn, Gensim and Keras), framework (Django and Django rest framework)

2) Java Programming language(Swing, Java Android API)

3) C and C++

4) Javascript (Vuejs)

I have experience in Machine learning algorithms like supervised learning algorithms like SVM, Linear regression, semantic analysis and anomaly detection in Bengali using word2vec, Unsupervised learning algorithms like K Nearest Neighbor and neural nets like CNN.

I have experience in Data mining from the web using python BeautifulSoup and also have experience in tableau software for data visualization.

I also have experience in Github and Gitlab(Version Controlling), Jenkins (for CI/CD), Docker and Docker Compose (for microservices).

Feel free to discuss anything, I would love to guide.

Experience

Eduzone International Consulting Company
developer
February 2019 - November 2019 (10 months)
Comilla

Education

Bangladesh army international university of science and technology
Bachelor of Science - BS, Computer science · (2016 - 2020)
